SPECIAL OFFER.

SURPLUS CROPS 1896

—OF—

SEED CORN and VINE SEEDS.

To the Seed Trade:

Gentlemen. We are now sufficiently advanced in the different processes of harvesting our Seed Crops of 1896 to safely estimate that we shall have a limited surplus over and above the quantities required with which to fill our Spring of 1896 Contract Orders.

Our stocks are grown by us at Waterloo, Nebraska, and on our large Seed Farm (one mile wide and two miles long) entirely under irrigation, and located at Sutherland, Nebraska, near the central part of the State.

We give our personal care and attention to the detail work in all its branches and beg to assure the Trade that our stocks cannot be excelled in purity, quality or in any other respect by any stock obtainable from any other source.

We beg to call your special attention to the following list representing the different varieties of which we expect to have Surplus Crops. We have affixed very low prices as an inducement for quick sales.

This offer is made subject to stocks being unengaged on receipt of order.

SHIPMENT===On or before January 15, 1897.

DELIVERY===F. O. B. Waterloo, Nebraska.

TERMS===60 day acceptance or 1½ per cent discount for prompt cash 10 days from date of shipment.

Soliciting your patronage, we remain,

Very respectfully,

Western Seed and Irrigation Co.

FRANK T. EMERSON, Gen'l Manager.
